Welcome to the World of Design

IDPT - SCET

IDPT-SCET is a nationally renowned institution imparting quality education in the field of architecture, interior design, urban planning, fine arts and technology. Having a progressive pedagogy, IDPT offers various global exposure programmes and international collaboration with renowned universities around the world. With a mix of experienced and enthusiastic faculty members, IDPT's unique approach with liberal studies & transdisciplinary curriculum enables students to explore their individual interest. The learning ecosystem that is offered at IDPT ensures development of students as creative, sensitive and responsible individuals ready to face worldly challenges.

ABOUT THE PROGRAMME

The programme of Master of Urban & Regional Planning (MURP) is designed to provide necessary exposure to various planning processes, emerging trends and other related advanced technical know-how. It intends to contribute towards creation of professionals in the field of Planning and hence to cater to specific needs of Government Sector, Industry and academics. During the course, students will be provided ample opportunities to interact with subject experts and relevant organisations on many projects. Humanities, Skill enhancement courses, group of professional and open electives have been included in the curriculum to promote transdisciplinary learning and professional skills. The curriculum for MURP not only offers opportunities and scope to learn core subjects but also explores additional avenues of learning beyond the core subjects for holistic development of students.
